

# Curriculum Vitae

## ■ Personal Information

---

**Name** Sung-Soo Kim  
**Address** 92 Chudong-ro, Bongdong-eup, Wanju-gun, Jeollabuk-do, 55324, Republic of Korea  
**Affiliation** Korea Institute of Science and Technology Jeonbuk Institute of Advanced Composite Materials, Wanju-gun, Jeollabuk-do, Republic of Korea  
**Office** +82-63-219-8147  
**E-mail** sskim@kist.re.kr  
**Date of Birth** September 8, 1986

## ■ Professional Experience

---

Oct 2018 – Current **Senior Researcher, Korea Institute of Science and Technology Jeonbuk Institute of Advanced Composite Materials, Wanju-gun, Jeollabuk-do, Republic of Korea.**  
Carbon Composite Materials Research Center

---

## ■ Academic Experience

---

Sep 2016 – Sep 2018 **Postdoctoral Associate, University of Minnesota, Minneapolis, MN, United States.**  
Department of Chemical Engineering and Materials Science  
Advisor: Prof. Dr. Christopher J. Ellison

Sep 2015 – Aug 2016 **Postdoctoral Associate, Seoul National University, Seoul, Republic of Korea.**  
Department of Chemistry  
Advisor: Prof. Dr. Byeong-Hyeok Sohn

---

## ■ Educational Background

---

- Mar 2009 – Aug 2015 **Ph.D. in Polymer Chemistry, Seoul National University.**  
Department of Chemistry  
Dissertation Title: Arrays of ordered nanostructures synthesized from diblock copolymers and their micelles for large-area graphene nanopatterning  
Advisor: Prof. Dr. Byeong-Hyeok Sohn
- Mar 2005 – Feb 2009 **B.S. in Chemistry, Seoul National University.**  
Department of Chemistry  
**B.S. in Physics, Seoul National University.**  
Department of Physics and Astronomy
- 

## ■ Theses

---

- [1] Kim, S.-S. Arrays of ordered nanostructures synthesized from diblock copolymers and their micelles for large-area graphene nanopatterning. Ph.D. Dissertation, Seoul National University, Seoul, 2015.
- [2] Kim, S.-S. Concentration of  $\text{Ca}^{2+}$  measured by Cameleon based on fluorescence resonance energy transfer (FRET) spectroscopy. B.S. Thesis (Chemistry), Seoul National University, Seoul, 2009.
- [3] Kim, S.-S. Application of polymer nanocomposite to photovoltaic cells. B.S. Thesis (Physics), Seoul National University, Seoul, 2009.
- 

## ■ Honors and Awards

---

- 2014 Best presenter award, The Polymer Society of Korea.
- 2013 Best poster award, Germany-Korean Polymer Symposium (GKPS).
- 2011 Best poster award, Institute of Electrical and Electronics Engineers (IEEE) Nanotechnology Materials and Device Conference (NMDC).
- 2011 Kwanjeong educational foundation scholarship
- 2009 Graduation with honor (*Summa Cum Laude*), Seoul National University.
- 2006, 2009 Prize for exceptional performance, College of Natural Sciences, Seoul National University.
- 2005–2010 National science & technology scholarship, the Ministry of Education, Science, and Technology, Republic of Korea.
-

## ■ List of Publications

(† indicates the equal contribution as co-first authors.)

## ■ Personal Skills

---

- Research (polymer)**
- Synthesis of copolymers by free radical polymerization
  - Fabrication and characterization of polymeric thin films
  - Self-assembly of diblock copolymers and their micelles
  - Microscopic characterization
    - atomic force microscope
    - scanning electron microscope
    - transmission electron microscope
  - Mechanical/rheological characterization
    - uniaxial tensile test
    - dynamic mechanical analysis
    - rheometer
  - Thermal characterization
    - differential scanning calorimetry
    - thermogravimetric analysis
  - Small- and wide-angle X-ray scattering technique
  - Electron beam lithography
- Research (chemistry)**
- Functionalization of biorenewable sources and polymers
  - Thiol-ene photopolymerization
  - Chemical characterization
    - one- and two-dimensional nuclear magnetic resonance spectroscopy
    - infrared spectroscopy
    - UV-visible light absorption spectroscopy
- Language**
- Korean (native language)
  - English (C1, IELTS: International English Language Testing System)
  - Spanish (A2, DELE: Diplomas de Español como Lengua Extranjera)
  - Russian, Japanese, and Chinese (basic)
-
